Your criminal complaint against Bernd Busemann and Clemens Eimterbäumer of 13.06.2013 on the grounds of coercion, false suspicion and defamation.

Dear ...

In your above criminal complaint to the Berlin Public Prosecutor's Office, you made accusations in connection with the institution and means of conduct of the investigation proceedings against the former Federal President Christian Wulff. Having now made a criminal complaint against Bernd Busemann and Clemens Eimterbäumer, this has been included in the present matter for reasons of competence.

I fail to see that the officials subject of your accusations could have infringed their obligations even in an objective sense. In accordance with § 152 Para. 2 in conjunction with § 170 Para. 2 StPO (*criminal proceedings*), I have therefore decided not to institute investigation proceedings.

With kind regards
