Your letter of 19.09.2011**

Dear Mr. Henjes,

I refer to your letter of 19.09.2011, in which you ask me whether our renewed charge was brought by mistake. Although it is true that the charge is largely identical, its renewed submission is no mistake.

In its decision of 10.08.2011, the Court of Appeal raised doubts as to whether the "Alliance for Democracy", as a loose association of friends, was legally competent to bring such an action. For this reason, the charge is now being brought personally in the name of the undersigned.

With kind regards

Dr. Michael Humphrey
